* of the European Union

**The places shall be distributed between two selection processes as specified in [point 2](#) in this call for admission. The procedures for those admitted to the Galilean School are set out in [point 7](#).

***These places are awarded in specific selection processes; the procedures are set out in the call for admission, available at <https://www.unipd.it/avvisi-ammissione-corsi>

Further information on the degree programme can be found at didattica.unipd.it, by selecting the degree programme of interest.

¹The activation of the first year of the study programmes is subject to their accreditation according to the provisions of D.M. (Italian Ministerial Decree) 1154/2021 "Self-evaluation, evaluation, initial and periodic accreditation of campuses and study programmes"; therefore, the Course will not be activated in case of failure to accredit it. The activation of any curricula is also subject to reaching a minimum number of 5 enrolled students for each of them. Information on the course activation is available at <http://www.unipd.it>.

1.2 Admission requirements

To access the degree programme, candidates can take part in **two** selections.

To enter the degree programme, candidates must meet the conditions specified in the following three points:

1) hold an upper secondary school **certificate** obtained in Italy or abroad. In case of a foreign qualification recognised as eligible for entry to university education according to current legislation (www.unipd.it/iscrizioni-studenti-internazionali), specific requirements are assessed accordingly to the information available at the following page: <https://www.unipd.it/en/entry-title-requirements>. It is possible to be registered in the last year of upper secondary school with the prospect of obtaining the qualification in the 2024/25 school year. The qualification data must be updated by the mandatory deadlines ([point 2](#));

2) demonstrate an English language proficiency of at least **B2 level** (CEFR) by submitting a certificate **by 31 July 2025**, except in the specified cases of exemption. The list of accepted certificates, the relative minimum scores required and exemptions is available in [annex 2](#). The required documents must be submitted by the mandatory deadlines ([point 2](#))

3) take part in at least one of the two selection processes ([points 2.1, 2.2](#)):

- by taking a CISIA - Consortium of Inter-University Integrated Access Systems - **English TOLC-I** test ([point 3](#)) by the mandatory deadlines specified in the selection process they are taking part in. It is necessary to obtain scores higher than or equal to the threshold of **29 out of 50** set out in in the first selection process (sum of the Mathematics, Logic, Sciences, Reading Comprehension sections);

and

- **by pre-enrolling** by the mandatory deadlines set out for each selection process. Candidates must follow different admission procedures based on the country in which the school certification has been obtained. The order in which the pre-enrolment and TOLC test need to be completed is irrelevant for the purposes of entry, provided that both are completed by the specified deadlines;

1.3 Allocation of available places and criteria to decide on the admission ranking list

The **available places** are distributed between the two selection processes as follows:

Degree Programme	Places available for EU citizens or equivalent	
	<u>First Selection Process</u>	<u>Seconda Selezione</u>
Biology of Human and Environmental Health	37	Biology of Human and Environmental Health

Only eligible candidates, i.e. those who have **pre-enrolled**, who have taken an **English TOLC-I** test ([point 2](#)) by the prescribed deadlines and, solely for the first **selection** process, who have obtained a score higher than or equal to the **threshold**, are placed in the ranking list.

In the event that more than one **English TOLC-I** test has been taken, the English TOLC-I test with the **best score** out of those taken by the specified deadlines for the relevant selection process will be considered for inclusion in the ranking list.

The ranking lists for the selection processes referred to in [point 2](#) are drawn up in order of scores.

In the event of a **tied** score, in both selection processes, precedence is given to the candidate who:

1. scored higher in the Mathematics (1) section and sequentially in the Logic, (2) Reading Comprehension (3) and Sciences (4) sections;
2. in the event of a further tie, the youngest candidate will be preferred.

1.4 Career Shortening

It is possible to request the recognition of credits already earned in previous university careers in order to access the course with career shortening. The recognition is carried out by submitting a specific online request, as indicated on the page www.unipd.it/riconoscimento-crediti-progressi. Information on the procedures for accessing the course for those who have obtained a resolution with recognized activities is available in [annex 1](#) of this call.

2. SELECTION PROCESSES: DEADLINES AND TERMS TO BE MET

To participate in the selection processes, candidates must take the CISIA - Consortium of Inter-University Integrated Access Systems - English TOLC-I test; the structure of the test and the knowledge required (Syllabus) are available at <https://www.cisiaonline.it/area-tematica-english-tolc-ingegneria/structure-and-syllabus/>.

The table below shows the dates for publication of reassignments with their respective **peremptory** deadlines for enrolment, change of course or transfer from another university. The procedures to submit an application are indicated at www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico.

* Reassignments are linked to the actual availability of places to be assigned on each individual course based on the breakdown shown in the table in [point 1.3](#).

Candidates who are still interested in enrolling in the course - although not meeting the given deadlines - can submit an extraordinary enrolment application. Said request is assessed after the fourth post-clearing assignment, in the last week of October. 3. ENGLISH TOLC-I TEST: TAKING THE TEST

The English TOLC-I test is the test required for admission to the Biology of Human and Environmental Health degree programme.

It is delivered online on a platform provided by CISIA - Consortium of Inter-University Integrated Access Systems, a consortium of Italian universities.

3.1 Validity of the TOLC and acquisition of results

To be valid for participation in the selection processes, the English TOLC-I test must:

- a) be taken **from 1 January 2024 and by the deadlines specified in the selection process the candidate is taking part in** ([points 2.1, 2.2](#));
- b) have a score higher than or equal to the threshold for participating in the first selection process ([point 2.1](#)).

Attenzione: simply taking the English TOLC-I test is not a sufficient condition for admission to the degree programme; candidates need to pre-enrol for the chosen selection process, as set out in [point 1.2](#).

A TOLC test of the same type can be taken at the most once per calendar month, including from abroad. Candidates can select the “Padua” venue to take the test in a virtual classroom (TOLC@CASA) or in person in a real classroom (TOLC at the University) managed by the University of Padua.

The test **is valid whether it is taken in the “@casa” mode or at the University**, at any of the consortium universities included [in the list of participating venues on the CISIA site](#).

Prospective students can both take part in multiple selection processes by taking just one English TOLC-I test and take part in one or more selection processes by taking multiple English TOLC-I tests. In the event that more than one English TOLC-I test has been taken, the English TOLC-I test with the **best score out of those taken by the specified deadlines** for the relevant selection process, will be considered for inclusion in the ranking list ([points 2.1 - 2.2](#)).

The score is acquired through one’s **tax identification number**, which must be identical on both the **Uniweb** portal ([point 4.1](#)) and the **CISIA** portal.

The final update of the TOLC test results is acquired automatically at the latest 3 working days after the closing of pre-enrolments: any reports of **non-acquisition** of results will be taken into account **after** this timeframe **and before** the publication of the ranking list for the selection process the candidate is taking part in.

Reports should be sent to: immatricolazioni.studenti@unipd.it

Students enrolled in the 4th year of upper secondary school can also take an English TOLC-I test in the sessions scheduled for 2025 and may, if necessary, use it to participate in the selection processes for the 2026/27 academic year: the call for admission for the 2026/27 academic year will in any case apply to determine the validity of the TOLC tests taken in this manner.

3.2 Registration for the TOLC test

The TOLC test is delivered via the platform provided by CISIA - Consortium of Inter-University Integrated Access Systems. For all operations concerning registration, booking, and taking the test and the rules governing these steps, candidates should refer to the www.cisiaonline.it/ portal.

3.3 Request for a personalised test for candidates with a disability, impairment, or SLD diagnosis

Candidates with a disability, impairment, or specific learning disabilities (SLD), pursuant to Article 16 of Legge (Law) no. 104/1992 and Legge (Law) no. 170/2010, may, within the test registration procedure on the CISIA - Consortium of Inter-University Integrated Access Systems portal (point 3.2) request an admission test with additional time and/or customised support, by attaching the following documentation:

- **civil invalidity certificate and/or a certificate** pursuant to Legge (Law) no. 104 of 1992 issued by the medical committee for the relevant area, proving the type of disability (NO OMISSIONS) and, where envisaged, the recognised percentage of invalidity;
- **certificate of SLD diagnosis** issued no more than 3 years previously, if prior to the candidate's eighteenth birthday, or if subsequent to the candidate's eighteenth birthday, by state local health facilities or entities and professionals accredited with the regional health service. Where not already specified in the diagnosis, ask the accredited private facility for their accreditation code/no. In accordance with the provisions of the "Guidelines on Specific Learning Disorders" annexed to D.M. (Italian Ministerial Decree) no. 5669 of 12 July 2011, candidates with SLDs are granted additional time equal to a maximum of 30 per cent more than that defined for the admission test.

Candidates with SLDs may request additional time and/or customised support with the medical certification they possess, even if it has expired. The new documentation, updated for the cycle of university studies, must be sent to inclusionone.studenti@unipd.it by no later than 30 September 2025.

Personalised Learning Plans (PLP) and diagnoses of SLDs issued before the last level of education (upper secondary education) and/or by non-accredited individuals or entities are not accepted under any circumstances.

- **valid identity or identification document.**

Candidates with disabilities or specific learning disabilities (SLD) from EU and non-EU countries residing abroad who intend to use personalised support must submit the legalised certification,

[Table of contents](#)[deadlines](#)

where required by current international regulations, attesting to the state of disability or SLD, issued in the country of residence, accompanied by a sworn translation or certified by Italian diplomatic representatives conforming to the original text, in Italian or English. The Student Services Office - Inclusion Sector, in charge of examining these certifications, ascertains that the foreign documentation attests to a condition of disability or SLD recognised by Italian legislation. In the presence of a particularly complex condition, it is suggested to request an interview with dedicated staff, using the appropriate online form to request an appointment with the Inclusion Sector, to present your individual needs: <https://web.unipd.it/prenotazioniservizi/settore-inclusione/>

ANNEX 1 - RECOGNITION OF PRIOR CREDITS FOR CAREER SHORTENING

1. Recognition of previous educational credits

For recognition of the educational credits you have already acquired and to have your university career shortened, you need to submit a prior credit assessment application (roughly between June and the first half of July). Procedures and deadlines are published by June at <https://www.unipd.it/riconoscimento-crediti-pregressi>.

The Assessment Committee prepares a resolution containing:

- the list of educational activities/recognised credits and/or integrations.
- proposed year of admission.

The criteria upon which the resolution is prepared are explained at the page <https://www.scienze.unipd.it/didattica/riconoscimentocfu/>

The number of places available for the 2nd year will be published on the page: www.unipd.it/ammissioni-sc-human by the deadline for the credits evaluation request.

Candidates who are proposed for admission in the **first year** must take part in the selection processes as indicated in [point 1.2](#), without any difference from those who have not applied for credit recognition.

Candidates who are proposed for admission in **years subsequent to the first year** must follow the instructions in the following point: [Candidates eligible for admission to the 2nd and 3rd year](#).

For further information on the procedures for having learning activities recognised, as well as for any clarifications on resolutions received, students should contact the back office of their degree programme: www.unipd.it/backoffice-carriere-studenti – scienze.studenti@unipd.it

Candidates who wish to apply for credit recognition can participate in the first and second selection processes to ensure entry in the first year, even if these take place before making an application for credit recognition; in the event of admission, the recognition provided on the basis of a resolution will be validated and included in the career after enrolment.

2. Candidates eligible for admission to the 2nd and 3rd year

By the closure of pre-enrolments for the second selection ([point 2.2](#)) based on the number of applications received, a communication on the allocation of available places will be published on the same page: www.unipd.it/ammissioni-sc-human

- if the number of eligible candidates is lower than the number of places available, the candidates will be admitted in the proposed admission year;

Table of
contents

deadlines

- if the number of candidates eligible for entry to the 2nd and 3rd year exceeds the number of places available for entry to the 2nd and 3rd year, a ranking list will be prepared according to criteria established at <https://www.scienze.unipd.it/didattica/riconoscimentocfu/>

Only exams already taken and registered at the time of submitting the credit recognition request can be considered for calculating the year of admission.

Eligible⁸ candidates who do not have the “admitted” status⁹ can only enrol for the 1st year, taking part in the selection processes set out in [point 1.2](#), without any difference from those who have not applied for credit recognition.

After receiving the credit recognition resolution and gaining the “admitted” status in any ranking lists for entry to **years other than the first year**, the deadlines for completing the procedures for admission to the degree programmes are as follows:

- enrolment: from the date of publication of the ranking list to no later than 30 September 2025 (whole day);
- incoming transfer: from the date of publication of the ranking list to no later than 30 September 2025 (whole day);
- change of course: from 2 September (or from the date of publication of the ranking list, if later) to 30 September 2025 (whole day).

Instructions for completing enrolment, transfer, or change of course after receiving the credit recognition resolution are available at the page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico.

For admission a merit ranking is drawn up, in order of score; in case any places remain vacant after the withdrawal of admitted candidates, eligible candidates will be sent an e-mail by the Settore Immatricolazioni e Prove di Accesso, no later than 31 October 2025.

Instructions for completing enrolment, transfer or course change after receiving the credit recognition decision are available on page www.unipd.it/istruzioniaccesso-triennali-magistrali-ciclounico

⁸ A candidate is eligible if the committee resolves to propose their admission to the 2nd or 3rd year.

⁹ A candidate has the “admitted” status if, in addition to being eligible, he/she is suitably placed in the ranking list.
