N.B: The order of completion of **points 3 and 4** is irrelevant for the purposes of admission, provided that both operations are completed by the deadline

¹ The activation of the first year of the study programmes is subject to their accreditation according to the provisions of D.M. (Italian Ministerial Decree) 1154/2021 "Self-evaluation, evaluation, initial and periodic accreditation of campuses and study programmes"; therefore, the Course will not be activated in case of failure to accredit it. The activation of any curricula is also subject to reaching a minimum number of 5 enrolled students for each of them.

Candidates who participate in the admission test for the Galilean School of Higher Education and are admitted to the oral test in the class to be announced at the page:

<https://scuolagalileiana.unipd.it/ammissione/ammissione-percorso-quinquennale> will not have to take the TOLC test or fulfil any additional learning requirements.

These candidates must report their situation to immatricolazioni.studenti@unipd.it before carrying out the enrolment procedures.

2. TOLC CISIA: TAKING THE TEST

The TOLC is the type of test required for admission to the degree programme in this call.

It is delivered online on a platform provided by CISIA - Consortium of Inter-University Integrated Access Systems, a consortium of Italian universities.

2.1 Validity of the TOLC and acquisition of results

The TOLC accepted for admission to this degree programme is the **English TOLC-I**.

To be valid for access to the degree programme, the **TOLC** test must be taken:

within deadlines set out at [point 1.2](#)

N.B.: simply taking the TOLC test is not a sufficient condition for admission to the degree programmes: candidates also need to **pre-enrol** as set out in [point 1.2](#).

A TOLC test of the same type can be taken at the most once per calendar month, also from abroad. Candidates can select the “Padua” venue to take the test remotely via a virtual classroom (TOLC@CASA) or in person in a real classroom (TOLC at the University) managed by the University of Padua. **The test is valid whether it is taken in the “@casa” mode or at the University**, at any of the consortium universities included [in the list of participating venues on the CISIA site](#).

It is possible to take one or more TOLC to enter the degree programmes. In the event that more than one TOLC test has been taken, the TOLC test with the best score out of those taken by the deadlines will be considered for enrolment and assignment of the additional learning requirement ([point 4.3](#)).

The English TOLC-I score is acquired **automatically** through one’s tax identification number, which must be identical on both the Uniweb portal ([point 3](#)) and the CISIA portal.

The acquisition of the TOLC requires a **minimum of 3 working days** from the date of taking the test and from the date of submission of the pre-enrolment application. Any reports of non-acquisition should be sent to: immatricolazioni.studenti@unipd.it

2.2 Registration for the TOLC test

The TOLC test is delivered via the platform provided by CISIA - Consortium of Inter-University Integrated Access Systems. For all operations concerning registration, booking, and taking the test and the rules governing these steps, candidates should refer to the www.cisiaonline.it/ portal.

It should be noted that the test must be booked, subject to **availability of places**, at least 7-10 days before the test date. It is therefore advisable for candidates to book their place well in advance to meet the deadline set in this call ([points 2](#)).

2.3 Request for a personalised test for candidates with a disability, impairment, or SLD diagnosis

Candidates with disabilities, impairments, or specific learning disabilities (SLD), pursuant to Article 16 of Law no. 104/1992 and Law no. 170/2010, may, within the test registration procedure on the CISIA portal ([point 3.2](#)), request an admission test with additional time and/or customised support, by attaching the following documentation:

- **civil invalidity certificate and/or a certificate pursuant to Legge (Law) no. 104 of 1992** issued by the medical committee for the relevant area, proving the type of disability (NO OMISSIONS) and, where envisaged, the recognised percentage of invalidity;
- **certificate of SLD diagnosis** issued no more than 3 years previously, if prior to the candidate's eighteenth birthday, or if subsequent to the candidate's eighteenth birthday, by state local health facilities or entities and professionals accredited with the regional health service. Where not already specified, also attach the document proving the accreditation code or number or the conformity of the diagnosis issued by the relevant entities. In accordance with the provisions of the "Guidelines on Specific Learning Disorders" annexed to D.M. (Italian Ministerial Decree) of 12 July 2011 prot. no. 5669, candidates with SLDs are granted additional time equal to a maximum of 30 per cent more than that defined for the admission test.

Candidates with SLDs may request additional time and/or customised support with the medical certification they possess, even if it has expired. The new documentation, updated for the cycle of university studies, must be sent to inclusionestudenti@unipd.it by no later than 30 September 2025.

Personalised Learning Plans (PLP) and diagnoses of SLDs issued before the last level of education (upper secondary education) and/or by non-accredited individuals or entities are not accepted under any circumstances;

- **valid identity or identification document.**

Candidates with a disability, invalidity, or SLD from EU and non-EU countries residing abroad who wish to benefit from personalised support must submit a certificate, which, where provided for under current international rules and regulations, has been legalised, of their disability, invalidity, or SLD condition issued in their country of residence, accompanied by a sworn translation or a translation certified by the Italian diplomatic services as conforming to the original text, in Italian or English. The Student Service Office - Inclusion Unit, which is in charge of examining these certificates, shall ascertain that the foreign documentation certifies a condition of invalidity, disability, or SLD recognised by Italian law.

The requested supports and/or aids may be granted subject to evaluation by the Student Service Office - Inclusion Unit.

Any additional time assigned may not exceed 50% more (disability) and 30% more (SLD) than the time allotted for the test.

Candidates will be able to check within the TOLC delivery platform whether they have been assigned some special supports.

Instruments such as dictionaries, formularies, periodic tables of elements, conceptual maps, computers (other than the one used for the test), tablets, smartphones, smart glasses and other similar instruments are not permitted in any case.

If you have a particularly complex condition, we suggest that you request an interview with dedicated staff, using the appropriate online form for an appointment request with the Inclusion Unit, to make your individual needs known:

<https://web.unipd.it/prenotazioniservizi/settore-inclusione/>

4.2 Fees and benefits

In case of new enrolment, the first instalment of the university fee, for the academic year 2025/26, is 205.00 euro (of which 189.00 euro is the regional tax² for the right to education at university and 16.00 euro is the stamp duty).

Contacts and assistance:
benefici.studenti@unipd.it

5.3 Additional learning requirements (OFA)

The OFA is an additional activity excluded from the average that is added to the academic record of enrolled students who do not reach certain minimum score thresholds in the accepted types of TOLC tests ([point 1.2](#)). Specifically:

- score achieved in the "Mathematics" section lower than 7/20: OFA in Mathematics.

If more than one TOLC has been taken, for the assignment of OFA, the one with the best score in relation to the required thresholds among those taken from 1 January 2024 to 9 October 2025 is considered. It is therefore possible, in order to avoid the assignment of the OFA, to take one or more TOLC tests again even after enrolment has already taken place: the scores are updated within 3 working days of taking the test and are visible within the pre-enrolment section.

Any reports of incorrect assignment of OFA should be sent by email from 31 October 2025 to immatricolazioni.studenti@unipd.it, attaching the certificates of completion of all TOLC tests among the accepted types taken in the period mentioned above.

Information on taking the OFA and the implications of not passing it are available in the course syllabus regulation (<https://didattica.unipd.it/>) and on the page <https://www.scienze.unipd.it/didattica/ofa/>.

² The amount may vary according to regional provisions.
